LEE MCLEOD

Junior Front-End Developer

SUMMARY

Junior Front-End Developer with a B.S. in Computer Science and hands-on experience building responsive websites and Angular applications. Skilled in TypeScript, JavaScript, HTML, CSS, Bootstrap, and Git. Seeking an entry-level development role where I can contribute to web applications and grow through collaboration with experienced developers.

PROJECTS

WATCH MOVIES | Front-End Web Application

- Built a responsive application for browsing movies and TV shows.
- Implemented search, genre filtering, and individual detail pages using Angular routing.

NICKFIT | Fitness Coaching Website

- Developed a fitness coaching website using Angular, featuring program information, client transformations, and testimonials.
- Connected "Apply Now" buttons to a dedicated application page with an embedded Google Form for coaching inquiries.

WORK EXPERIENCE

Entry Level Administrative Assistant
Law Office of Christina T. Hall and Associates | Mamaroneck, NY
February 2026 – Present

- Organize and update court case tracking spreadsheets using Microsoft Excel.
- Prepare client correspondence using Microsoft Word.
- Create case files in MyCase and upload documents received from courts, counsel, and clients.

Food Runner / Server
LEGOLAND Resort | Goshen, NY
May 2022 – January 2025

- Delivered food orders efficiently and accurately to support a positive guest experience.
- Communicated guest feedback to management and relevant staff.
- Organized food tickets and coordinated orders with chefs and kitchen staff.
